Course Exercise & Reference Files

Starting SEO as your Home Based Business

1. Keyword research worksheet
   - List 20 seed keywords for your niche.
   - Group them by search intent: informational, commercial, transactional.

2. On-page checklist
   - One H1 per page that matches the main keyword.
   - Descriptive title tags under 60 characters.
   - Meta descriptions that invite the click.
   - Compressed images with meaningful alt text.

3. Technical basics
   - Submit an XML sitemap.
   - Fix broken links and redirect chains.
   - Measure Core Web Vitals on mobile.

Reference Files

Recommended reading:

- Google Search Essentials
- web.dev: Core Web Vitals
- Schema.org vocabulary

Exercise:

Audit one page of your site with the checklist above and share the three biggest wins in the comments.

Good luck!
